The processing of data is hence necessary for compliance with legal obligations. The purpose of the personal data processing is to specify the need for Communication Workshop.
Data subjects and categories of personal data	The data subjects are persons who have received the Academy of Finland's funding in the Academy Programmes DEVELOP, R'Life and TERVA. Categories of personal data are name and email address.
Recipients or categories of recipients of the personal data	Webropol will process the personal data in its capacity as service provider. The data may only be disclosed within the limits imposed by current legislation. Public access to government documents and information is governed by the Act on the Openness of Government Activities (621/1999). Public documents are disclosed upon request, in accordance with section 13 and section 16 of the Act. A public document may also contain confidential information or data whose disclosure is limited (usually personal data). Confidential information will be given access to and disclosed only with the consent of the person concerned, to the person concerned, or by virtue of a legal right.
Transferring personal data to a third country or international organisation	Data will not be transferred out of the European Union or the European Economic Area, or to international organisations.
Period for which the personal data will be stored	The Academy of Finland will store the data until the Communication Workshop in question is completed, no later than in the end of 2022. The archiving plan of the Academy of Finland contains more detailed provisions concerning archiving. The Finnish Archive Act (831/1994) regulates the archiving duties of authorities. If necessary, Webropol may store the survey data for a period of five years.
