

## How to give the commitment by the site of research for the application (commitment issuer at the site of research)

The Research Council will fund a research project only if the application includes a commitment by the site of research. You must agree on this commitment in advance with a representative of the site of research. The Research Council will request the commitment by the site of research from the person indicated in the application (commitment issuer at the site of research).

After the call deadline has expired, the person indicated in the application will receive an email notification requesting a commitment for one or more applications. In order to give the commitment, the commitment issuer must log into the online services. A link to the online services is included in the email sent to the commitment issuer. The commitments requested are on the tab **Commitments**. Click on the link **Process** to view a summary of the application for which a commitment is requested.

The screenshot shows the 'Online Services' page of the Academy of Finland. The navigation menu includes Desktop, Open calls, My applications, Reports, Reviews, **Commitments**, My account, and Log out. The 'Commitments' tab is active, showing a table of commitments by site of research for the application. The table has columns for Application No., Applicant, Call title, Call closed, Commitment status, and Priority. A 'Process' link is visible next to the first entry.

Application No.	Applicant	Call title	Call closed	Commitment status	Priority
303402	Tutkija, Tuukka	TESTIHAKU Liisan 2016	14.07.2016	Requested	<a href="#">Process</a>

Show entire application Show terms of commitment Accept request for commitment Reject request for commitment Cancel

The buttons on the bottom left side of the page show the entire application and the terms of commitment. Requests for commitment are accepted or rejected by using the buttons on the lower right-hand side. When the commitment issuer at the site of research has submitted a commitment in the online services, the applicant receives an email notification.
