

Search for publications in the VIRTAs publication information service

The information on the applicant's/consortium's own publications that are most important to the project (10 publications), with justifications, is filled in on the tab **Most relevant publications and other key outputs**. The information is retrieved from the VIRTAs publication information service (**Find publication**). If you cannot find a publication in the VIRTAs publication information service, you may also enter its details manually (**Add new/Update**.) The most relevant publications are printed on the application PDF file according to author and year. You must also append complete list of publications to the application on the **Appendices** tab.

To search for publications in the VIRTAs service, click on **Find publication**, enter the author's name or ORCID identification, and click on **Search**. Please note that the publication search may take a few minutes. You can also search for publications using your ORCID identifier stored on the tab 'My account' by clicking on **'Search with your ORCID identifier'**.

The screenshot shows a web application interface for a grant application. At the top, there is a navigation bar with 17 tabs: 1. Personal data, 2. CV, 3. Consortium parties, 4. General information, 5. Abstract, 6. Research plan, 7. Most relevant publications and other key outputs (highlighted with a red triangle), 8. Mobility, 9. Collaborators, 10. Affiliations, 11. Research ethics, 12. Funding for the project, 13. Salary of principal investigator, 14. Public description of project, 15. Appendixes, 16. Submit application, and 17. Authorisation. Below the navigation bar, a status bar shows 'Call: ICT 2023: Frontier AI Technologies' and 'Time left to complete the application: 27 day(s) 7 hour(s) 3 minute(s) 12 second(s)'. There are three buttons: 'Save and go back', 'Save', and 'Save and continue'. A list of instructions is provided: 'Up to ten of your (or the consortium's) most important project-relevant publications, with justifications', 'You can retrieve publication details from the VIRTAservice https://wiki.eduuni.fi/display/cscvirtajtp/VIRTA+in+English. Also see the How-to guides for the online services https://www.aka.fi/en/online-services/', and 'Details on publications may also be entered manually. Obligatory information: author(s), title, year of publication, name of series/journal, type of publication (the type will not be shown in the PDF version of the application)'. A modal window titled 'Search for publications in the VIRTAservice' is open, showing a text input field for 'Permanent web address' with the value 'http://dx.doi.org/10.4319/lo.2011.56.4.1513'. The modal has 'Cancel' and 'Add new/Update' buttons. In the background, a 'Delete' button is visible.
