Section 5: Costs to be requested from the Academy of Finland. In the case of a consortium application, please report the combined total costs of partners from Finland.

Draft the funding plan in line with [the full cost model](#), including the funding to be applied for from the Academy (up to 70% of the total project costs). The funding is primarily intended for the salaries of full-time researchers working on the project and for other research costs.

Before entering the costs in the following table, please find out which costs are eligible by familiarising yourself with the [Academy of Finland's funding terms and conditions available online](#). All costs must be justified.

Cost item	Total amount [EUR] applied from the Academy for the whole funding period	Brief justification for the costs:
Salaries (incl. indirect employee costs + overheads)		
Materials and services		
Travel expenses		
Other costs		
Total project costs		

Indicative total budget figure to be requested from the NSF:

Attach a **free-form commitment by the site of research**, in which the site commits to administering and funding the project, as the last page of the document. Make sure you have a commitment from your site of research (usually a university or research institute) to supporting the project. Read more in the [guidelines on the commitment by site of research](#).
