Project acronym

If applicable please add an acronym for the project.

Research areas

Please choose minimum one, maximum three disciplines from Level 1, and minimum one and maximum three disciplines from Level 2. For guidance: [OECD Research Areas](#)

Level 1

- 1 Natural sciences
- 2 Engineering and Technology
- 3 Medical and Health Sciences
- 4 Agricultural and Veterinary sciences
- 5 Social Sciences
- 6 Humanities and the Arts

Level 2

- 1.1 Mathematics
- 1.2 Computer and Information Sciences
- 1.3 Physical Sciences
- 1.4 Chemical Sciences
- 1.5 Earth and Related Environmental Sciences
- 1.6 Biological Sciences
- 1.7 Other Natural Sciences
- 2.1 Civil Engineering
- 2.2 Electrical Engineering Electronic Engineering Information Engineering
- 2.3 Mechanical Engineering
- 2.4 Chemical Engineering
- 2.5 Materials Engineering
- 2.6 Medical Engineering
- 2.7 Environmental Engineering
- 2.8 Environmental Biotechnology
- 2.9 Industrial Biotechnology
- 2.10 Nano-technology
- 2.11 Other Engineering and Technologies
- 3.1 Basic Medicine
- 3.2 Clinical Medicine
- 3.3 Health Sciences
- 3.4 Medical Biotechnology
- 3.5 Other Medical and Health Sciences
- 4.1 Agriculture Forestry and Fisheries
- 4.2 Animal and Dairy Science
- 4.3 Veterinary Science
- 4.4 Agricultural Biotechnology
- 4.5 Other Agricultural Sciences
- 5.1 Psychology
- 5.2 Economics and Business
- 5.3 Educational Sciences
- 5.4 Sociology
- 5.5 Law
- 5.6 Political Science
- 5.7 Social and Economic Geography
- 5.8 Media and Communications
- 5.9 Other Social Sciences

Description of the current gender balance in the project. If relevant, a plan for how to better achieve gender balance in the near future.

RESEARCH PROJECT

Research plan

Provide a research plan containing the following information:

1) Background

- Significance of the proposed project nationally and internationally
- Previous research pertaining to the topic (in brief), and how the plan links to it
- How the research plan links to other research

2) Objectives

- The purpose and aim of the proposed project, and its objectives and hypotheses
- Justification and relevance to the aims of the call

3) Research strategy

- Methods and material

4) Implementation

- Progress plan (time frame, including milestones and deliverables)
- Risk management, including critical points and alternative ways to implement the research plan

5) Key literature or bibliography

Research plan Use 11-point Times Roman for body text, with single line spacing, and for figures and references 9-point Times Roman.

Upload the plan in PDF format, max 10 pages incl. references.

Research project

Expected results, societal relevance, and potential impact Description of expected results, societal relevance and potential impact of the proposed project in an international perspective, including potential impact beyond the grant period.

Nordic added value Justification for and Nordic added value of the proposed research collaboration.

Gender perspectives Description of how gender perspectives will be incorporated into or given consideration in the project.

Ethical considerations and procedures Description of the relevant ethical and legal frameworks and procedures needed to perform the research.

International collaboration Plan for international collaboration, including a description of existing and potential partners, type of cooperation, and potential benefits for the proposed project.

Further funding Description of ambitions and plans for attracting further national and international funding to the project.

Mobility Description of expected cross-border mobility within and outside the Nordic region

Infrastructure A careful specification of the needs for and availability of research infrastructure, presented either in the form of a description of infrastructure already available to the proposed project, and/or a description of infrastructure needs currently not available to the project.

Contribution to open science Describe how the project will contribute to Open Science including plans for open access to publications and data in accordance with the [NordForsk policy on open access](#).

Describe how the data generated will be aligned with the [FAIR principles](#) and how to comply with the [Horizon 2020 Guidelines for open access to publications, data, and other research outputs](#). If there are obstacles to publishing research data, the focus should primarily be on making metadata openly accessible on the internet.

MANAGEMENT PLAN

Outline practical plans for scientific and administrative management of the proposed project. As appropriate, the outline should include a description of data management, ensuring good practices when managing, sharing and linking data across borders.

Use 11-point Times Roman for body text, with single line spacing, and for figures and references 9-point Times Roman.

Upload in PDF format, max 2 pages.

COMMUNICATION AND KNOWLEDGE-EXCHANGE PLAN

Communication and knowledge exchange plan (including stakeholder involvement) Where appropriate, the plan should describe the processes by which research-based knowledge can feed into practice and policy in collaboration with stakeholders. The creation of new models of collaboration between research and practice is encouraged.

Use 11-point Times Roman for body text, with single line spacing, and for figures and references 9-point Times Roman.

Upload in PDF format, max 2 pages.

COMPETENCE

Project leader

Provide the Project Leader's CV, including a list of maximum 10 selected publications. Please note that leaves of absence, which the applicants request to be taken into consideration, must be documented upon request. The actual number of weeks of leave will be deducted from the applicant's PhD age. The period of leave of absence, including exact starting and ending dates, must be stated in the candidate's CV.

Upload file in PDF format, max 3 pages.

Use 11-point Times Roman for body text, with single line spacing, and for figures and references 9-point Times Roman.

Key researchers

Provide a brief CV for each of the key researchers listed in the "Composition of consortium" section of the proposal. Upload files in PDF format, max 1 page per CV. Multiple files allowed

Use 11-point Times Roman for body text, with single line spacing, and for figures and references 9-point Times Roman.

Teams

Provide a presentation of each participating team Describe how the teams will contribute to the project as a whole using the attached template.

Upload files in PDF format, max one page per Research team. Multiple files allowed.

BUDGET

Project duration

Requested funding

Budget guidelines

- 1) All salaries should be calculated in gross (person-months) and include social security costs, etc.
- 2) NordForsk does not apply any fixed rate or model for calculating indirect costs for research projects. Indirect costs should be determined by the applicants own institutions according to its own rules and models. The feasibility of the budgets will be assessed. Applicants are advised to consult their respective institutions for further guidelines.
- 3) All budgets should be calculated in Norwegian kroner (NOK).
- 4) The maximum amount of funding that may be sought is NOK 8 million for a duration of three years.
- 5) Balance the budget, requested funding should be the same amount as all costs. Balanced sum should be 0.

Please provide a justification of resources

Total Budget

Provide a total budget for the proposed project, demonstrating how the anticipated costs are covered by different sources. The budget should include the requested funding, as well as other funding.

The budget should be provided using the attached template, converted to PDF format, and then uploaded below

Specification of requested funding and other funding

Please specify per partner institution requested funding and other funding The specification should be submitted using the standard template converted to PDF format, and then uploaded below.

Personnel and salaries

List all personnel involved in the project for the whole project period Please specify salaries in person-months and monthly rates (include social security costs and overhead rates) using the attached standard template.

Please note this applies only to requested funding for salaries.

Upload the specification in PDF format.

LETTERS OF COMMITMENT

Provide a Letter of Commitment from each of the participating partners (including Project Leader institution) signed by a person authorised to take on financial commitments on behalf of the institution for the entire duration of the project. Upload in PDF format, max 1 page per letter, 2 pages allowed if digitally signed. Multiple files allowed.
