

Research Council of Finland - National Research Foundation (NRF) of Korea Partnership: Intention to Submit Form

Please complete sections 1–4 below and **attach a mandatory free-form commitment from the site of research**, confirming its commitment to administering and supporting the project, as the final page of this document.

Include your name in the filename. Submit the document in PDF format to flag-ship@aka.fi, following the instructions provided in the Call text published in March 2026 by the Research Council of Finland. The subject line of the email should be: *“Participation Intention for Korea Call”*.

Section 1: Contact details

Principal Investigator in Finland

Name:

Title:

Site of research and department:

Address:

Email:

In case of a Finland-side consortium application, include details of the subproject PI(s)

Name:

Title:

Site of research and department:

Address:

Email:

Research Council of Finland

Principal Investigator in Korea

Name:

Title:

Site of research and department:

Address:

Email:

Section 2: Planned funding period in Finland

starting (dd/mm/yyyy)

ending (dd/mm/yyyy)

Section 3: Proposed topic, keywords, collaboration and link to 6G (NextG) and/or quantum technology research

Research topic/Project title:

Keywords:

Research Council of Finland

Brief description of the collaboration and how the proposed project relates to 6G (NextG) and/or quantum technology research

Section 4: Costs to be requested from the Research Council of Finland. For consortium applications, report the combined total costs of all Finnish partners.

The total project funding will follow the full cost model. Research Council of Finland may cover up to 70% of the total project costs. In this section, indicate only the funding applied for from the Research Council of Finland, up to a maximum of 500 000 euros.

The funding is primarily intended for the salaries of full-time researchers working on the project, as well as for other research-related costs.

Before entering the costs in the table below, please **contact your organisation's finance office or equivalent unit**. Ensure that the costs are eligible by consulting the [Research Council of Finland's funding terms and conditions](#) available online. All costs must be justified.

Cost item	Amount [EUR] applied from the Research Council of Finland for the entire funding period	Brief justification for the costs:
Salaries (incl. indirect employee costs + overheads)		
Materials and services		
Travel expenses		
Other costs		
Total amount applied from RCF		

Attachment

Include, as a mandatory attachment, a free-form commitment from the site of research (usually a university or research institute), in which the site confirms that it will administer and support the project. Add this as the final page of the document. Read more in the [guidelines on the commitment by site of research](#).
