

CORRIGENDUM TO CALL TEXT STRATEGIC RESEARCH PROGRAMMES 2019

Please be informed that a corrigendum has been published to the call text for the 2019 strategic research programmes originally published on 9 November 2018.

A sentence on page 15 (section 3.5) has been corrected as follows:

- Correction** “The cost estimate is justified in the **full application’s** research and interaction plan, which also includes a cost estimate for the entire duration of the project (first and second funding period).”
- Explanation** The research and interaction plan in letters of intent does not include a cost estimate.
- Date** 23 November 2018

In addition, a sentence on page 21 (section 4.1.3) has been corrected as follows:

- Error** “The cost estimate to be presented in the research and interaction plan, covering the entire duration of the project (first and second funding period, six years), must be drafted so that two-thirds of the total funding falls on the first three-year funding period.”
- Correction** “The costs to be filled in in the online services must be drafted so that two-thirds of the total funding falls on the first funding period (see 3.5).”
- Explanation** The research and interaction plan in letters of intent does not include a cost estimate.
- Date** 23 November 2018
