# ACADEMY PROGRAMMES 2020

The Academy of Finland promotes excellent, responsible and high-impact research as well as the practical utilisation of research in society.

We produce high-quality science policy data and analyses with a view to enhancing the use of scientific knowledge in decisions about science policy.

We work in close consultation with other stakeholders in the Finnish research, education and innovation system.

## ACADEMY PROGRAMMES

Academy Programmes are aimed at supporting scientific regeneration and increasing scientific and societal impact by providing funding for a collection of science-driven, thematic and target-oriented research projects.

Academy Programmes support multi- and interdisciplinary research of the highest quality, promote networking between researchers and other stakeholders, and provide platforms for international research cooperation.
