

Projects funded from special COVID-19 vaccine and pharmaceutical development call

Applicant	Organisation	Consortium	Project title
Alitalo, Kari	University of Helsinki	Finnish adenovectored COVID-19 vaccine consortium (FINCOVAC)	Adenovectored COVID-19 vaccine
Auvinen, Petri	University of Helsinki	Coronavirus interactions in drug discovery - optimization and implementation (Covidd)	Coronavirus interactions in drug discovery - optimization and implementation
Barboric, Matjaz	University of Helsinki		Functional and structural studies of the SARS-CoV-2 accessory protein Nsp8 for novel antiviral therapies
Butcher, Sarah	University of Helsinki	Coronavirus interactions in drug discovery - optimization and implementation (Covidd)	Coronavirus interactions in drug discovery - optimization and implementation
Huiskonen, Juha T	University of Helsinki	Inhibitors of SARS-CoV-2 infection (iCoin)	Inhibitors of SARS-Coronavirus-2 infection

Iwai, Hideo	University of Helsinki		In vitro production of lectibody and bispecific antibodies targeting surface glycoproteins of SARS-CoV-2 by the novel off-the-shelf approach
Jalasvuori, Matti	University of Jyväskylä	Treating severe COVID-19 associated secondary bacterial infections with Phage Therapy under the Declaration of Helsinki (COVID-19_Phage): Kiljunen Saija	Treating severe COVID-19 associated secondary bacterial infections with Phage Therapy under the Declaration of Helsinki
Julkunen, Ilkka	University of Turku	Comparative analysis of vaccine and disease induced immunity and immunological evaluation of COVID-19 vaccines on effectiveness and safety (COVIDIMMUNITY): MERI Seppo, Melin Merit	Comparative analysis of vaccine and disease induced immunity and immunological evaluation of COVID-19 vaccines on effectiveness and safety
Kallioniemi, Olli	University of Helsinki	Inhibitors of SARS-CoV-2 infection (iCoin)	Inhibitors of SARS-Coronavirus-2 infection
Kantele, Anu	Helsinki University Central Hospital		Protective immune response induced by Covid-19 infection: development, duration and application in convalescent plasma therapy

Kiljunen, Saija	University of Helsinki	Treating severe COVID-19 associated secondary bacterial infections with Phage Therapy under the Declaration of Helsinki (COVID-19_Phage)	Treating severe COVID-19 associated secondary bacterial infections with Phage Therapy under the Declaration of Helsinki
Marjomäki, Varpu	University of Jyväskylä	Calpain-based antivirals(Calpain-antivirals): Permi Perttu	Fighting COVID19 with calpain inhibitors
Melin, Merit	Finnish Institute for Health and Welfare	Comparative analysis of vaccine and disease induced immunity and immunological evaluation of COVID-19 vaccines on effectiveness and safety (COVIDIMMUNITY)	Comparative analysis of vaccine and disease induced immunity and immunological evaluation of COVID-19 vaccines on effectiveness and safety
Meri, Seppo	University of Helsinki	Comparative analysis of vaccine and disease induced immunity and immunological evaluation of COVID-19 vaccines on effectiveness and safety (COVIDIMMUNITY)	Comparative analysis of vaccine and disease induced immunity and immunological evaluation of COVID-19 vaccines on effectiveness and safety
Paavilainen, Ville	University of Helsinki	Inhibitors of SARS-CoV-2 infection (iCoin)	Inhibitors of SARS-Coronavirus-2 infection
Permi, Perttu	University of Jyväskylä	Calpain-based antivirals (Calpain-antivirals)	Fighting COVID19 with calpain inhibitors

Poso, Antti	University of Eastern Finland	Coronavirus interactions in drug discovery - optimization and implementation (Covidd)	Coronavirus interactions in drug discovery - optimization and implementation
Saavalainen, Päivi	University of Helsinki	Inhibitors of SARS-CoV-2 infection (iCoin)	Inhibitors of SARS-Coronavirus-2 infection
Saksela, Kalle	University of Helsinki	Finnish adenovectored COVID-19 vaccine consortium (FINCOVAC): Alitalo Kari, Ylä-Herttua Seppo	Adenovectored COVID-19 vaccine
Salmi, Marko	University of Turku		Antibody-enhanced COVID-19 vaccination
Saviranta, Petri	VTT Technical Research Centre of Finland Ltd	Inhibitors of SARS-CoV-2 infection (iCoin)	Inhibitors of SARS-Coronavirus-2 infection
Vapalahti, Olli	University of Helsinki	Inhibitors of SARS-CoV-2 infection(iCoin): Huiskonen Juha T, Paavilainen Ville, Saavalainen Päivi, Saviranta Petri, Kallioniemi Olli	Inhibitors of SARS-Coronavirus-2 infection
Varjosalo, Markku	University of Helsinki	Coronavirus interactions in drug discovery - optimization and implementation (Covidd): Butcher Sarah, Auvinen Petri, Poso Antti	Coronavirus interactions in drug discovery - optimization and implementation

Ylä-Herttua, Seppo	University of Eastern Finland	Finnish adenovectored COVID-19 vaccine consortium (FINCOVAC)	Adenovectored COVID-19 vaccine
